

Maurice Kaya

Consultant and Project Director
Pacific International Center for High Technology Research

Mr. Maurice Kaya serves as Project Director for the Pacific International Center for High Technology Research. He currently directs the Energy Excelsior, a clean technology business accelerator that invests in promising business startups in the Hawaii market, the world's premier test-bed for advanced energy technologies. Mr. Kaya previously served as Chief Technology Officer for the Hawaii Department of Business, Economic Development and Tourism. In this position, Mr. Kaya was the principal advisor on clean energy to the governor of Hawaii. Mr. Kaya currently serves as a board member of Energy Industries, a leading clean energy project integrator in the United States. Mr. Kaya has been recognized with numerous honors, including awards from the Governor of Hawaii, the Hawaii Legislature, the U.S. Secretary of Energy, the Blue Planet Foundation, and the Hawaii Institute of Public Affairs.
